3. *Power On:* Press and hold the power button for 3 seconds to boot up the machine. Put on laser safety goggles before any operation.

4. *Modes & Energy:* Short press the function button to switch different energy levels. Start with low energy for first use.

5. *Operation:* Fit the laser window tightly against flat skin; the device emits laser automatically upon complete contact. Slide the device slowly for full coverage.

6. *Power Off:* Long press the power button for 3 seconds to shut down. Unplug the adapter after the device cools down.

5. MAINTENANCE & STORAGE

如:

- . *Cleaning:* Turn off the device before cleaning. Use a soft, lint-free cloth.
- . *Storage:* Store in a dry place at room temperature (15 °C - 35 °C).
- . *Long-term Storage:* If the device will not be used for a long time, fully power off and unplug. Clean the lens thoroughly. Avoid squeezing the power cord sharply..

6. DISPOSAL & RECYCLING

This symbol indicates that this product should not be treated as household waste. According to the WEEE Directive (2012/19/EU), it must be disposed of at an appropriate electronic waste collection point for recycling to prevent potential negative consequences for the environment and human health.
