

Product User Manual

1. Product Use Description or Restrictions

Correct Usage Method:

Before use, please carefully read the instructions on the product packaging (box or label) to understand the functions and correct usage of this product to ensure optimal effectiveness.

Operation:

Follow the dosage and administration instructions provided on the packaging. Do not exceed the recommended dose unless advised by a healthcare professional.

Usage Limits:

This product is a dietary supplement and is not intended to replace a varied and balanced diet. Do not use as a sole source of nutrition or as a substitute for prescription medications.

2. Compliance

This product complies with applicable dietary supplement regulations in the region of sale and bears required compliance markings.

All regulatory markings are clearly displayed on the product packaging.

3. Standards and Regulations

This product is manufactured in accordance with:

Good Manufacturing Practices (GMP)

Relevant safety and quality standards for dietary supplements in the region of sale

4. Warning / Safety Information

Risk of injury, misuse, or consumption:

Do not use if you are allergic to any of the ingredients. Discontinue use and consult a healthcare professional if adverse reactions occur.

Specific warnings for children or vulnerable groups:

Keep out of reach of children. Not intended for children under 18 years unless recommended by a healthcare professional.

Non-consumable products:

Not applicable. This product is intended for oral consumption.

Health and safety information:

Pregnant or nursing women, individuals with pre-existing medical conditions (e.g., liver, kidney, bleeding disorders), or those taking medication should consult a healthcare professional before use.

5. Language Requirements

This user manual is provided in English. All technical terms are accurate and precise. The content has been reviewed for clarity and regulatory compliance.
