

## # User Manual for MAIWO KT02

**\*\*Model\*\*:** MAIWO KT02

**\*\*Product\*\*:** 2.5-inch Multi-Function Digital Storage Bag

### ## 1. Product Introduction

MAIWO KT02 is a portable storage bag specially designed for 2.5-inch portable hard drives and small digital accessories. It features shockproof material and a layered storage structure, effectively protecting hard drives, data cables, USB flash drives, memory cards, and other accessories. It is ideal for daily commuting, business trips, and travel.

### ## 2. Specifications

- Compatible devices: 2.5-inch portable hard drives, data cables, USB flash drives, SD/TF cards, earphones, etc.
- Outer material: Splash-proof and wear-resistant fabric
- Inner material: EVA shockproof buffer layer
- Structure: Dual compartments + elastic mesh bag + card slots
- Opening method: Dual zippers

### ## 3. Structure Description

#### 1. **\*\*Main Compartment (Hard Drive Bay)\*\***

- Thickened shockproof lining for 2.5-inch portable hard drives.
- Elastic securing strap to prevent hard drive movement and collision.

#### 2. **\*\*Secondary Compartment (Accessory Bay)\*\***

- Elastic mesh bag: stores data cables, charging cables, earphones, etc.
- Small card slots: for USB flash drives, SD/TF cards, card readers, and other small accessories.

#### 3. **\*\*External Design\*\***

- Smooth dual zippers for easy opening and closing.
- Splash-proof surface for daily dust and splash protection.
- Portable design, fits in backpacks, handbags, or pockets.

#### **## 4. Instructions**

1. Unzip and open the storage bag.
2. Place the 2.5-inch portable hard drive into the main compartment and secure it with the elastic strap.
3. Organize data cables, earphones, etc., and put them into the elastic mesh bag.
4. Place small items such as USB flash drives and memory cards into the corresponding slots.
5. Close the zippers for safe carrying.

#### **## 5. Cautions**

1. This product is **\*\*splash-proof, shockproof, and dustproof\*\***, but **\*\*not waterproof\*\***. Do not immerse it in water.
2. Do not put sharp or overweight items, as they may damage the interior or cause deformation.
3. Clean with a soft cloth. **\*\*Do not wash, expose to direct sunlight, or bake at high temperatures.\*\***
4. Avoid strong drops or squeezing to extend service life.
5. This product is for storage and protection only; it is not a data storage device.

#### **## 6. After-Sales Service**

- For product usage issues, please contact MAIWO official customer service.
- Damage caused by human factors or improper use is not covered by the warranty.
