

PRODUCT MANUAL

Product Name

Foil Balloon

How to Use

Check balloons before use; Unpack and inflate with pump to 80% - 90% (no overinflation, especially in heat).

Seal neck tightly after inflation (foil balloons self-seal); avoid rough pulling.

Safety Warnings

WARNING:Avoid open flames, >50°C heat, sharp objects & long sunlight to prevent rupture, burns and scratches.

WARNING:Never inflate with flammable, explosive or toxic gases (risk of explosion & fire).

WARNING:Children under 3 need adult supervision; no biting balloons, prevent choking on fragments.

WARNING:Do not inflate over 90% to avoid sudden rupture and injury.

Storage Requirements

Store in cool, dry, ventilated place; avoid damp, sunlight, fire & sharp objects.

Keep away from toxic, flammable and explosive materials.

Keep out of children's reach to prevent accidental use, swallowing or disassembly.

After-sales Service

Contact customer service immediately for damaged, defective or substandard products upon receipt.

Consult customer service anytime for usage questions.
