

Laptop Bag User Manual & Safety Warning

Product Instructions

Correct Usage

- This product is a dedicated protective bag for laptops, suitable only for laptops and their accessories (e.g., power adapters, mice) that do not exceed the internal capacity of the bag.
- When placing the laptop, ensure the internal cushioning layer is fully aligned with the surface of the laptop, and fasten the internal securing strap to prevent the laptop from sliding inside the bag.
- When carrying by hand or shoulder, confirm that zippers, shoulder straps, and handles are securely closed to prevent items from falling out.

Usage Restrictions

- Do not load sharp, corrosive, or excessively heavy items, as this may damage the bag or internal electronic devices.
- Avoid prolonged use in rainy or humid environments to prevent water penetration and damage to the laptop.
- Do not use as a climbing tool or load-bearing device, to avoid strap breakage leading to personal injury or property loss

Compliance Marking

This product complies with relevant EU health, safety, and environmental protection requirements.

Applicable Regulations & Harmonized Standards

This product conforms to the following EU regulations and harmonized standards:

- **EU REACH Regulation** (EC) No 1907/2006
 - **EU RoHS Directive** 2011/65/EU (2015 Amendment)
 - **EU Packaging and Packaging Waste Directive** 94/62/EC
-

WARNING

WARNING: TO AVOID DANGER OF SUFFOCATION, KEEP THIS PLASTIC BAG AWAY FROM BABIES AND CHILDREN. DO NOT USE THIS BAG IN CRIBS, BEDS, CARRIAGES, OR PLAYPENS. THIS BAG IS NOT A TOY.

Additional Warnings:

- Do not allow children to put any parts of the bag into their mouth to prevent the risk of suffocation.
- This bag does not contain materials suitable for direct food contact; do not use it to hold food or beverages.
- If the bag is damaged, seams are open, or accessories are broken, stop using it immediately to avoid personal injury or item loss.
