good light transmission,
not dazzling**

**PP material
Waterproof, drop and
high temperature resistance**

LED model

5730 high lumen LED

Battery capacity

400mAh

Illumination duration

2 hours in strong light and 3 hours in weak light

Irradiation area

Approximately 5 square meters

Lamp cap material

ABS+PP

Product Parameters

Light source	LED chip
Material	ABS plastic
Waterproof	IP 65
Color	White(6500 K)
Voltage	5 V
Power	30W
Charging method	USB
Control Method	Push Button
Lighting Method	Adjustable
Rechargeable Battery	Lithium Battery
Size	10.73*5.7 cm
