Foldable Retro Handheld Game Console 3.4 Inch IPS Screen (TF Card Is Not Included) Portable Pocket Arcade 3000mAh Battery Support WiFi BT4.2 512GB

Features:

1. Enhanced Durability and Portability: Featuring a foldable retro handheld game console design with full-metal flip and a three-segment hinge, this device offers precise positioning, smooth operation, and outstanding longevity. Weighing only 170g, it fits easily in your pocket for anytime play.

2. Powerful Quad-Core Performance: Equipped with the advanced RK3566 quad-core A55@1.8GHz chipset and 1GB LPDDR4 RAM, the portable pocket arcade ensures fast system response, superior game compatibility, and seamless operation on FC, SFC, GBA, PS1, N64, DC, SS, and NDS platforms.

3. Immersive Retro Display: Enjoy classic gaming experiences on a 3.5-inch 4:3 IPS screen with full lamination and 640x480 resolution. The portable console offers vivid color accuracy, wide viewing angles, and ten adjustable brightness levels - superb for games like GBA and PS1.

4. Comprehensive Expansion Options: The handheld emulator features dual joysticks, dual microSD card slots (up to 512GB each), and dual USB-C ports, allowing simultaneous charging and controller or mouse/keyboard connection. Supports mini-HDMI-compatible TV output for versatile gameplay.

5. All-in-One Multimedia and Long Battery Life: With a sturdy 3000mAh battery providing 4-8 hours use, Bluetooth-compatible and Wi-Fi connectivity, vibration motor, and multimedia functions, this device meets every commute or travel need - play games, watch videos, listen to music, or read e-books.
